Integrated Weapons Storage Platform (IWSP)

Weapons Storage Australia/Multifile's IWSP is the most versatile, robust, and flexible weapon storage system available in the world today. Our vertically integrated facility in Canada has been manufacturing storage systems for over 50 years, and has established an international reputation for enduring quality and innovation.

Visit www.weaponsstorage.com.au or email greg@weaponsstorage.com.au

Ultimate Flexibility

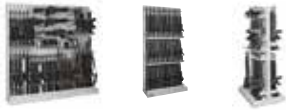

Store any combination of weapons with our universal back panel and over 100 weapon storage components. Build a solution as unique as your weapon inventory, and easily update it as it changes and grows.

Use our weapon storage solutions for armouries, tactical vehicles, containers, shipboards, airborne vehicles, evidence areas, border security, and much more. We partner with militaries and police around the world to design leading-edge systems that serve many applications in land, sea, and air.

Weapon Storage Components

We're always creating new components for new weapons and storage solutions. For the most up-to-date component options, contact us at greg@weaponsstorage.com.au

Expandable Weapon Racks

Expandable Weapon Racks are the most modular and versatile storage system available – great for large armouries or small-scale storage. Expandable Weapon Racks are available in single-sided and double-sided configurations - perfect for creating aisles of storage or bordering a room.

Expand the rack by adding additional posts, panels and components to accommodate more weapons and accessories. The entire system is made with heavy-gauge steel and powder-coated in grey Sandtex finish for added durability. All contact points with weapons have protective linings to cushion your firearms while being stored.

Over 100 weapon storage components integrate with the panels to store long guns, sidearms, accessories and other equipment. The component layout can be reconfigured in seconds because of the simple system – just slide the component up, choose the new location and slide it back in.

Contact a storage specialist to build your free-standing wall or aisle today.

Before Installation

After Installation

Available sizes:

50" H x 34" W / 127 cm H x 86 cm W

50" H x 40" W / 127 cm H x 102 cm W

84" H x 34" W / 213 cm H x 86 cm W

84" H x 40" W / 213 cm H x 102 cm W

**Increase the height using 12" and 34" (30cm and 86 cm) post and panel add-ons.*

Available in single-sided and double-sided configurations.

Weapon Wall Panels

Create displays, maintenance stations and more with our Weapon Wall Panels – especially where floor space is limited. Our expandable panels are engineered to easily mount to any wall with reinforced supports and wall-mount hardware. The steel panels are powder-coated with a grey or black Sandtex finish and can support most firearms.

Weapon Wall Panels can be easily reconfigured by adding more panels and choosing from over 50 components. Add as many panels as you need to suit your armoury and change the layout by moving or adding components. Slide components up and out of the panel to reposition them wherever you need.

Build your weapon wall today – contact a storage specialist.

Available sizes:

24" H x 34" W / 61 cm H x 86 cm W

24" H x 40" W / 61 cm H x 102 cm W

Pre-configured models:

050-92035

050-92045

4. Arrange Components & Weapons

Stackable Weapon Racks

Stackable Weapon Racks are an ideal restricted-access storage solution.

Perforated swing gates secure firearms with a multi-point lock mechanism and allow for easy visual inspection. The body of the rack is made with durable heavy-gauge steel and includes built-in lift handles for maneuvering.

Inside the rack, our universal back panel lets you store any kind of weapon with over 60 component options available. Use a combination of components to store everything in your armoury, including long guns, sidearms

and even your accessories and technology. Use a cable to secure your weapons inside the rack with our built-in security eyelets.

Stackable Weapon Racks can be bolted side-to-side, back-to-back and on top of each other to create a secure storage system that suits your armoury's layout. They can also be secured to the floor and wall for additional security.

Contact a storage specialist to outfit a secure rack today.

Available sizes:

48" H x 14" W x 15" D
122 cm H x 36 cm W x 38 cm D

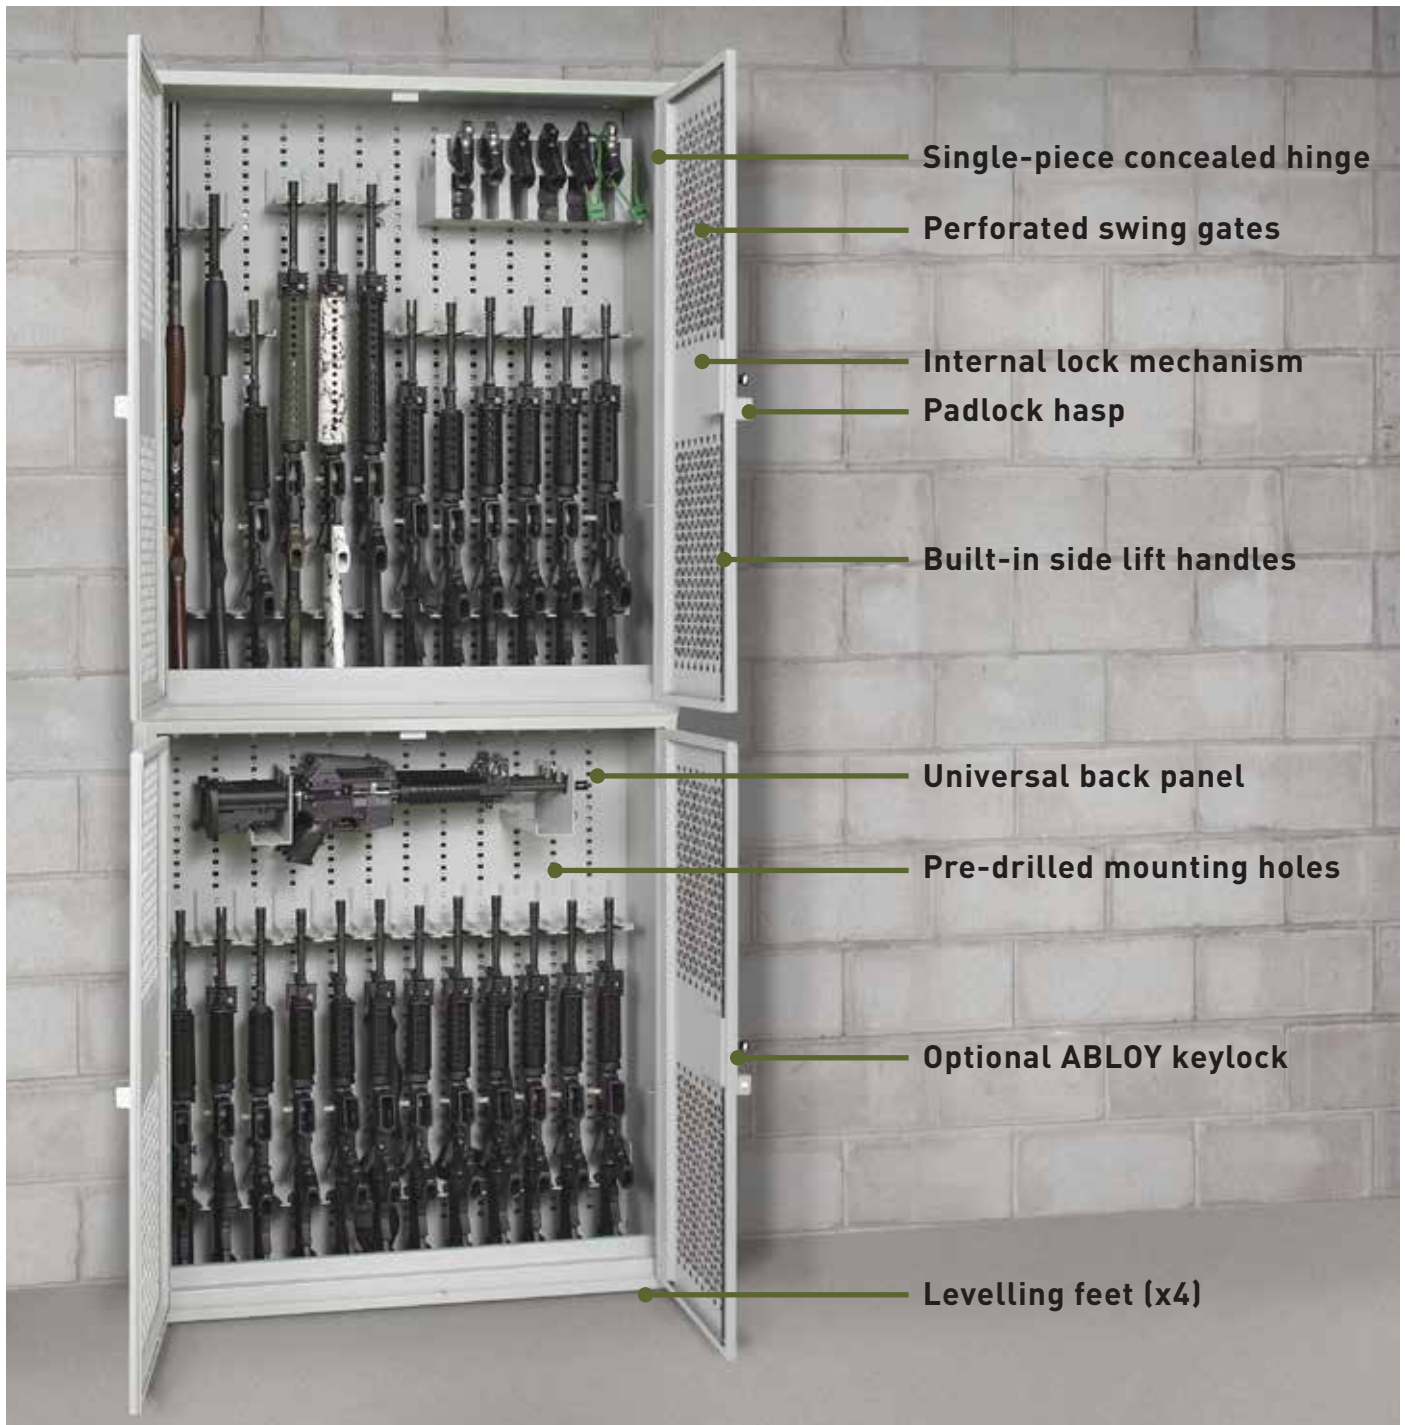

48" H x 42" W x 15" D
122 cm H x 107 cm W x 38 cm D

64.5" H x 42" W x 15" D
164 cm H x 107 cm W x 38 cm D

Stackable Weapon Racks

Store:

- Long guns
- Heavy weapons
- Sidearms
- Optics
- Spare barrels
- Bolt assemblies
- Helmets & personal gear
- Ammo boxes & magazines
- Accessories

Bi-Fold Security Cabinets

Bi-Fold Security Cabinets are the best closed-access storage solution when space is a concern. Bi-folding gates save 35% in floor space compared to other gates to reduce aisle-space and mobility issues.

The all-welded steel construction provides high-level security and includes our universal back panel, built-in side lift handles and security cable eyelets. The front of the cabinet is secured by perforated

bi-folding gates so you can visually inspect weapons. Bi-Fold Security Cabinets come with a multi-point locking mechanism and swing-arm padlock hasp.

Bi-Fold Security Cabinets can be fixed side-to-side, back-to-back and on top of each other to build a solution that suits your armoury's size. For additional security, you can secure the rack to the floor and/or wall.

Store any weapon and accessory with over 75 storage components. Contact a storage specialist to guide you through the process.

Available sizes:

64.5" H x 42" W x 15" D
164 cm H x 107 cm W x 38 cm D

48" H x 36" W x 15" D
122 cm H x 91 cm W x 38 cm D

72" H x 36" W x 15" D
183 cm H x 91 cm W x 38 cm D

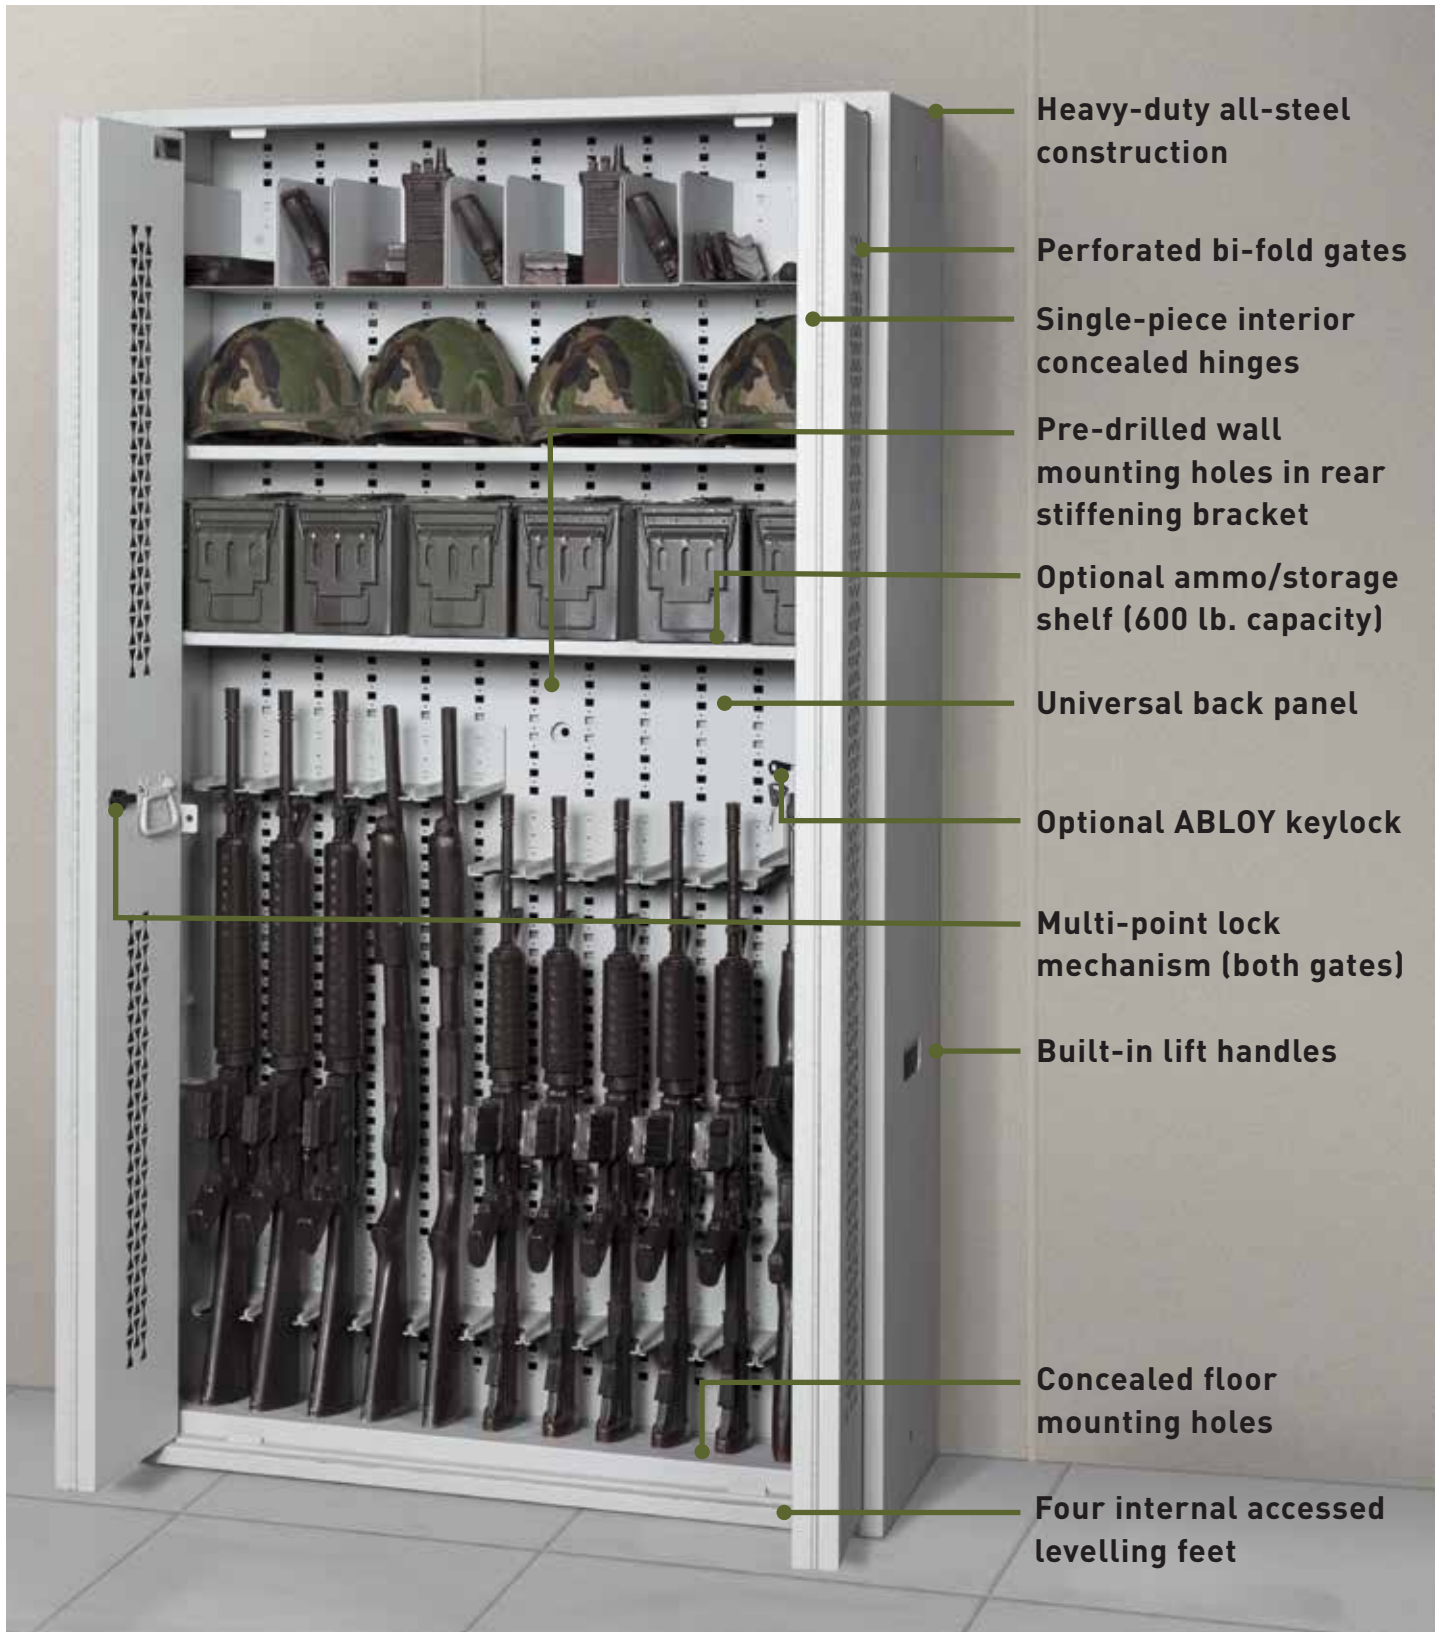

84" H x 36" W x 15" D
213 cm H x 91 cm W x 38 cm D

48" H x 42" W x 15" D
122 cm H x 107 cm W x 38 cm D

72" H x 42" W x 15" D

84" H x 42" W x 15" D
213 cm H x 107 cm W x 38 cm D

Bi-Fold Security Cabinets

Weapons Storage Security Cabinets

Weapon Storage Cabinets are designed to augment a secure room and provide inconspicuous weapon storage – great for security stations, police outposts and more.

Weapon cabinets are constructed with heavy-gauge steel and are completely welded to create a secure space protected by a steel bi-parting, tambour door and multi-point lock mechanism. The cabinets come with four built-in levelling feet. Cabinets can also be anchored to the floor and wall with specialty components.

Customize your Weapon Storage Cabinet with over 80 components, including an additional security gate, drawers, shelves and lockable compartments.

All components arrive factory installed in the cabinet.

Available sizes:

60" H x 36" W x 22" D
152 cm H x 91 cm W x 57 cm D

66" H x 36" W x 22" D
168 cm H x 91 cm W x 57 cm D

72" H x 36" W x 22" D
183 cm H x 91 cm W x 57 cm D

83" H x 36" W x 22" D
211 cm H x 91 cm W x 57 cm D

**Security gates and universal back panels available for all four sizes*

Weapons Storage Security Cabinets

Popular cabinet components include:

- Universal weapon back panel
- Internal security gate
- 3-Compartment handgun inserts
- Lockable pistol boxes
- Storage bin drawer with lockable lid

Customize your cabinet today – contact a storage specialist.

Mobile Weapons Cart/Tank

The Mobile Weapons Cart are the go-to transport solution for police and militaries around the world. Easily transport up to 20 long guns from an armoury to a training facility, vehicle, gun range, or use the Tank to transport 48 long arms - the choice is yours.

The heavy-gauge steel cart is durable, yet light enough to easily maneuver through hallways and doors with the welded steering handles and four heavy-duty wheels (two lock). Both sides of the cart are made using our universal panel and the cart is compatible with over 50 of our weapon storage components - so you can transport almost any weapon.

One cart can handle all of your weapon storage needs as you can quickly reconfigure the component layout by changing their location, adding new components or removing others. Simply slide the components in and out of the back panel to transport 10 long guns per side or fill the cart/Tank with sidearms and accessories. Check out our seismic components specifically designed for safe transport at

www.weaponsstorage.com.au.

The carts are powder-coated with a black Sandtex finish for added durability.

Both the cart and Tank are fully-mobile and will fit through most armoury doors.

Mobile Tank with double-sided storage of 48 Steyrs

Available sizes:

Cart Dimensions

49.5" H x 34.25" W x 26.75" D
126 cm H x 87 cm W x 68 cm D

Tank Dimensions

74" H x 42" W x 26" D
188 cm H x 107 cm W x 65 cm D

Vehicle Storage

Secure storage for transporting weapons with quick access is essential to tactical teams. These easy-access, rugged pull-out drawers are adjustable to accommodate most team weapons and accessories, including rifles, carbines and shotguns.

To remove your weapons, turn the locking knob, slide the drawer out with the built-in handles and lift your weapons out to use.

We offer three versions, which allow you to stack the drawers and customize your combination. The drawer comes with mounting equipment if you want to stack the storage drawers on top of each other. Stacked storage drawers offer lots of room for weapons, plus additional tactical gear like cases, ammunition and more.

Add this vehicle storage system to your SUV – call a storage specialist now.

- Units must be secured to vehicle by user
- Built-in 3-point latch mechanism
- Optional Secure Abloy Keylock system available

Available sizes:

12" H x 42" W x 24" D
30 cm H x 107 cm W x 61 cm D

Pistol & Taser Storage

Compact Sidearm Tower

This compact locker is excellent for storing pistols, tasers and other equipment like optics, body cameras, batons or even evidence.

All four compartments come with a rubber matting inlay and can be uniquely keyed with an optional master key to keep your valuables safe & secure. The compartment doors offer no room for tampering tools and are attached with a full-length concealed hinge. Each compartment is 5" H x 10.5" W x 8" D.

The Compact Sidearm Tower can be used on its own or combined with other weapon storage systems. The locker comes with pre-drilled holes to mount to a wall and to fasten them side-by-side. The heavy-gauge steel is powder-coated in a grey Sandtex finish prior to assembly.

Buy this solution today – contact a storage specialist.

Available sizes:

22.75" H x 12" W x 8" D
58 cm H x 30 cm W x 20 cm D

Pistol Storage Cabinet

The 5-drawer pistol cabinet is made for storing everything handgun related and is perfect for every armoury.

The heavy-duty steel cabinet has 5 spacious drawers secured by a single lock mechanism. Each drawer can be customized to suit your specific storage needs and includes a rubber matting inlay to protect your equipment. The cabinet and drawers are powder-coated in a grey Sandtex finish for extra durability.

Outfit your drawers with specially designed components, including front-to-back and left-to-right compartment dividers or our 30-gun insert. Our handgun insert fits perfectly in the drawer and stores 30 handguns and 2 magazines for each gun, meaning the cabinet has a 150-gun capacity.

Add protective rubber matting to the top to create an excellent cleaning or round-loading station.

Start organizing your handguns today email: greg@weaponsstorage.com.au

Available sizes:

45" H x 41.5" W x 25" D
114 cm H x 105 cm W x 64 cm D

Taser Storage Cabinet/Wall Rack

Taser Storage

Securely store up to 20 Tasers in a single Taser storage cabinet, or store 112 Tasers in a .62 square metre footprint using an integrated weapons universal wall rack, which can be adapted using additional components in order to accommodate future weapons requirements, i.e. ancillary equipment, radios, etc.

Taser cabinets can be fully-loaded with five secure, 2-compartment drawers or left wide open depending on your storage requirement. All drawers slide on easy-glide full-suspension drawer hardware and have a power bar to charge accessories like lights and body cameras. The secure drawers can hold up to two Tasers each and can be uniquely keyed – which is great for team environments (master keys available).

Taser Storage Cabinets can be stacked on top of each other and attached side-to-side and back-to-back if you need more storage space for Tasers, or gear and accessories. Pre-drilled holes make attaching the cabinets quick and simple. Add a riser to increase the cabinet height by 10 inches.

The cabinets come fully assembled with all of your chosen components. The Taser storage cabinet is powder-coated in a grey Sandtex finish.

Securely store your Tasers today – call a storage specialist now.

Available sizes:

26" H x 25" W x 22" D
66 cm H x 64 cm W x 57 cm D

112 Taser/Pistol storage using universal wall rack

128 Taser Storage using Bi-Fold Security Cabinet with charging unit

EWR with Taser Charging Unit

WSA Pistol Security Cabinets

The WSA Tambour Door Security cabinet offers additional security yet provides all the flexibility contained within the integrated weapons storage platform.

Security

4 Points of Locking

- Key-lockable see-through Security Gate. Able to check enclosed weapons without opening
- Key-lockable Tambour Door
- Tambour Door also equipped with 10mm locking-bar which is pad lockable
- Pistol pack 3/8 stainless steel lock-rod(s) secured by padlock

There are a multitude of locking alternatives depending on the installation. There can be dual users: one officer can have the Tambour Door Key; another the Security Gate Key, and then there can be a master key that covers all locks including the Padlock on the Pistol Pack locking-rods. There is a variety of options when setting the Tambour Door Cabinet up for security.

Ultimate Flexibility

The Tambour Door Cabinet will store any type of weapons securely. It has the WSA Universal Back Panel inserted which holds the full range of components for either Pistols, Long Arms, NFE, and so on. As with the IWSP, if once purchased as a pistol cabinet, and the need arises to store long arms for example, the cabinet can be simply converted with just a change in components – an extremely cost effective solution.

Construction

Tambour Door

- Anti – Tamper
- 3/16 Stainless Steel Aircraft Cable for Door Operation
- 18 Gauge Steel

Body

- 16 Gauge

Available sizes:

72" H x 36" W x 22" D

183 cm H x 92 cm W x 56 cm D - Weight with Components *190kgs +

83" H x 36" W x 22" D

211 cm H x 92 cm W x 56 cm D - Weight with Components *210kgs +

*subject to variation depending on components

Gear Storage

Constable Locker

The Constable Locker is designed for storing gear and weapons in one secure locker. Perfect for team applications, everyone can keep their gear, weapons and accessories organized in their own space.

Both compartments are vented to keep gear well ventilated. The bottom roll-out drawer is perfect for boots and other heavy objects. The top compartment comes with a heavy-duty shelf, hooks, hanger bar and universal back panel – perfect for storing jackets, vests, accessories and weapons.

The bench design makes this an excellent storage solution for change rooms, training areas and more. A wooden butcher's block bench is available for an extra charge.

Available sizes:

72" H x 24" W x 24"/32" D
183 cm H x 61 cm W x 61/81 cm D

72" H x 18" W x 24"/32" D
183 cm H x 46 cm W x 61/81 cm D

Bench colour/material options

Duty Bag Locker

Store heavy gear bags, accessories and other equipment in the strong and secure Duty Bag Locker.

The locker has four individual compartments that can be secured with a padlock or keylock. The top three compartments are secured by a steel door, full-length concealed hinge and your choice of lock. The bottom compartment is a slide-out drawer that's equipped with easy-glide suspension arms for quick access. All four compartments offer lots of storage space and can handle most storage requirements.

Duty Bag Lockers can be combined with other Dasco products to create full-service storage systems. Attach the duty bag locker to a constable locker or cabinet for extra storage. The lockers arrive fully assembled and are powder-coated in a grey Sandtex finish before leaving our facility.

Available sizes:

78" H x 18" W x 24" D
198 cm H x 46 cm W x 61 cm D

Gear Storage

TA-50 Locker

This locker is designed for lots of gear storage. The TA-50 Locker comes with a pre-installed heavy-duty wardrobe shelf with 3 hooks and a hanger bar. It also includes two columns of notches in the back panel to accept weapon storage accessories – the rest is wide open. Over 45 cubic feet of storage is perfect for large gear bags or any other storage requirement.

The all-welded steel locker has perforated sides and gates for easy visual inspection and ample air ventilation. The gates are secured with a multi-point locking mechanism, including a padlock hasp.

There's no assembly required and no bolts to tighten over time. The fully-assembled TA-50 Locker will arrive with a powder-coated black Sandtex finish.

Available sizes:

78" H x 42" W x 24" D

198 cm H x 107 cm W x 61 cm D

Heavy-Weapon Storage

We design and build weapon storage components that are compatible with heavy-weapon storage. Our special components are made to work in a variety of systems including open racks, secure racks and cabinets – we also have solutions for shipboard and airborne vehicles.

Check out our storage systems for mortars, launchers and .50 calibre weapons.

Mortar Storage

.50 Cal M2 Storage

Carl Gustav Storage

NFE Cabinet

The ten drawer NFE cabinet is made for storing related Night Fighting Equipment such as:

- Night Aiming Device (NAD)
- Night Vision Glasses (NVG)
- Night Weapon Site (NWS)

Also, the cabinet can be used for Blank Firing Attachments (BFA), Bayonets, etc.

The heavy-duty steel cabinet has 10 drawers with each drawer able to be customized to suit your specific storage needs with adjustable dividers, and includes a rubber matting inlay to protect your equipment. In addition, the cabinet has two heavy-duty shelves.

The cabinet and drawers are powder-coated in a grey Sandtex finish for extra durability.

Optional: For additional security the cabinet can be fitted with double-doors including Abloy-Lock.

Available sizes:

75" H x 49" W x 24" D
190 cm H x 125 cm W x 61 cm D

Police Ammunition/Magazine Cabinet

Ammunition/Magazine Security Cabinet with Abloy Lock

Cabinet Dimensions:

1200mm (H) x 1230mm (W) x 610mm (D)

Dimensions - Inner Drawer:

85mm (H) x 1140mm (W) x 460mm (D)

- Unit Consists of 10 Roll-out Drawers with 2mm thick Rubber inlays on the bottom of each drawer
- Each drawer equipped with 2 Heavy Duty Ball-bearing drawer runners, which gives a recommended 100kgs weight capacity evenly placed
- Each Drawer comes with 7 Adjustable Magnetic Dividers - front to back
- Magazine Drawer Capacity – 8 Rows with each row holding 15 Magazines, 120 Magazines Per Drawer
- Total Magazines per Cabinet 1200

Locking:

- Abloy Security Lock (Master Key Available)
- Security Locking Rods are concealed behind the steel door. The locking mechanism is fully enclosed with a security cover which reduces any chance of the mechanism to be manipulated from an external force

Specifications:

- 16 Gauge Steel
- Built in levelling feet
- Heavy Duty Security lockable Doors

Ammunition/Magazine Cabinet can also securely store the following using the adjustable magnetic Dividers

- Batons
- OC Spray
- Cuffs
- Misc. Parts etc.

Enclosed Cabinet with Security doors and Abloy Lock

- Expandable Weapons Racks
- Bi Fold Security Cabinets
- Tambour Door Security Cabinets
- Wall Panel Systems

Armour Piercing Containment System

APC – 100D/T Armour Piercing Containment System – Desk Mount and Tactical

The APC is a firearms clearing device, which is designed to contain unintentional discharges when unloading and loading various firearms. In addition to all handgun ammunition, the APC will stop multiple rounds of rifle Armor Piercing Ammunition (M995, M993, 30.06 AP & .50 Cal BMG AP) and 12 Ga. Shotgun Slugs/Buckshot.

The unique design permits the firearm's muzzle to be inserted into the containment area, preventing any possibility of an unintentionally fired round from missing the unit. A molded rubber muzzle insert protects the firearm from being scratched during loading/unloading.

The APC is constructed of powder coated tubular steel with a proprietary containment system which disintegrates the bullet. The containment system is dynamic in that it the ballistic media repositions to accept multiple rounds. The APC is portable and small enough to be used on a desk.

Features and Specifications

- Compact Size — 12" (300mm) long x 10" (250mm) x 5.5" (140mm) Overall Diameter APC T (Tactical – 3.7" (.94mm) Opening Diameter.
- Weight 28 lbs (13KGS)
- Contains up to 50 rounds of all handgun, rifle and shotgun ammunition including Armor Piercing
- Ammunition (M995, M993, 30.06 AP & one round of .50 Cal BMG AP)
- Note: Refer to Inspection Requirements when subjected to a discharge.
- NSN No. 4933-01-516-1709.
- Includes SAFE-EJECT.
- Mounts Available: Desk Stand or Wall Mount (Interchangeable with 4 Bolts) & Pedestal Floor Mounts.
- Safely Catches Ejected Cartridges
- Fits all Large Frame Semi-Auto Pistols
- SAFE-EJECT was designed to prevent loss and damage of cartridges during unloading.
- Prevents possible detonation of cartridge during ejection.
- One SAFE-EJECT is included with each APC-100

Weapons Storage

Our team of in-house engineers and product designers are always developing new and improved storage products, components and methods. As old designs change and new products are introduced, trust Weapons Storage Australia to be ahead of the curve.
